

Hong Kong Dissolution

All companies need to be upto date for current year

Company has to pay BR For current year

Company has to File annual return for current year

Client needs to make sure that there is no other liability, that means that they don't owe anything with the government. When they submit a written notice of no objection to IRD (Inland Revenue Department), IRD will check on their record and determine if it will issue an approval letter. Please note that if they never filed profit tax return, IRD will assess this aspect. Even though the approval letter is issued, we need to submit the approval letter with DR1 to the company registry with an application fee, we will wait for at least three months to six months for their approval because they will post on the gazette and see if anyone objects to it. It will take at least 6 months for approval
